CIRQUE ÉLOIZE

An inspirational leader in contemporary circus, Cirque Eloize thrills audiences with its rich sensory entertainment through its daring combination of circus disciplines and its highly imaginative use of visual arts and technologies.

Hailing from Quebec, the company has touched over 3,5 million spectators with its acclaimed performances, presenting over 5,000 times in 550 cities worldwide.

Now, for its 25th anniversary, Cirque Eloize once again presents a captivating fusion of poetry, movement, emotion and light.

It's pronounced [EL-WAZ] / Éloize is a word from the Acadian dialect meaning "heat lightning" in Îles-de-la-Madeleine archipelago located in the Gulf of St. Lawrence River, over 200 km East of Quebec. Artists of the first Cirque Éloize troupe were all from these islands.
