2b Stageplan

3 Grand Piano

1x Grand Piano, Steinway D or B. In very perfect playing condition. Tuned the day of the concert, preferably after sound check (tuning 440, 441 or 442 Hz, depending on the current diapason of the instrument).

Colin Vallon reserve the right to use prepared piano techniques. All the prepared piano elements are made of wood or soft materials and were developed in collaboration with two different piano technicians to be absolutely safe and cause no damages whatsoever to the instrument. From experience, these techniques don't alter the tuning of the instrument more than regular playing.

1x Piano seat, adjustable in height, in good condition and noiseless. Preferably a hydraulic bench.

1x Small and low table, about 30, 40cm high. For the computer. Preferably with a piece of dark fabric or dark felt on top.
